DO NOT THAW

For best results, bake as follows:

Temperature: Conventional Oven 370°-390°F; Convection Oven 335°-350°F. Time: 35-40 minutes. Directions: 1) Preheat oven to recommended temperature. 2) Remove pie from box, remove overwrapping. 3) Brush top of pie with egg wash (optional for better browning). 4) Place frozen pie on flat baking sheet. 5) Place pie in preheated oven for approximately 35-40 minutes. 6) Bubbling fruit juice and a light golden brown crust indicate that pie is done. 7) Allow pie to cool at least 4 hours before cutting or packaging.
